

#GetYourNewView

Greetings!

We're excited to share with you news of our work with other people in the community this month. As we all have had to make major changes in the way we work and live, we have enjoyed the opportunity to work with others to find different ways to be successful. You'll see the evidence of our own company's response to change in how we offer classes and training with more flexible options in the upcoming months. *Be sure to click the button below to stay updated!*

"OUT OF ADVERSITY COMES OPPORTUNITY"

So said the very wise Benjamin Franklin a long time ago. We've taken advantage of the current adversity and to better meet your needs, we are converting our boot camps to offer them online and via "rolling enrollment". Rather than offering a class in another city on a specific schedule, we'll schedule an online boot camp when we have enough students from across the continent. Let us know what class you'd like to take, and we'll be in touch!

A RISING TIDE RAISES ALL SHIPS

We are proud to unveil our Strategic Partner Program! The program features a limited number of partners who share our deep passion and commitment towards helping companies improve their ROI with their Dynamics 365 Business Central / NAV system.

We're proud to collaborate with these partners to share knowledge, empower users, and achieve more. To see the program participants [click here](#). If you work with one of these partners, be sure to ask your representative about special discounts for all our scheduled classes.
