

## Basic Warehousing Transactions

To truly understand how what you do in the warehouse affects your inventory and transactions in the system, we'll show you as we walk through the flow of transactions with basic warehousing. We'll look at the documents used to process receipts, picks and inventory movements, explore what happens when you turn on bin mandatory in the warehouse, and review other functionality and transactions as well. You'll learn how to find out where your inventory is at in the warehouse and understand basic troubleshooting.

### Class topics

- Warehousing Documents
- Receipts
- Picks and Inventory Movements
- Bin Mandatory

### Who Should Attend?

Warehouse Directors, Managers and other warehousing professionals newer to Warehousing in Microsoft Dynamics 365 Business Central / NAV, or those team members who want a refresher or want to review their setup and processes.

### Learning Objectives:

At the end of this class, participants will be able to:

- Explain and follow the warehousing lifecycle
- Identify the causes of common issues with recording inventory transactions and related resolutions
- Explain the implication of turning on Bin Mandatory

**Field of Study:** Computer Software & Applications

**Program Level:** Basic

**Prerequisites:** Basic Warehousing Setup

**Advanced Preparation:** Each student will receive via email connection instructions to their individual virtual classroom link and hands-on practice environment shortly before class. Connections to both resources should be tested before class. We recommend using a second monitor while attending class.

**Delivery Method:** Group Internet-based

**CPE Credits:** By participating in this class, you are eligible to earn up to 4 CPE credits which will be distributed following class completion. In order to be awarded the full credit hours, you must notify your instructor of your intention to request credit before the start of the first class. To receive CPE credit, you must be present and actively engaged, which will be verified using polling questions and other means. You will not receive CPE credit for any portion of the class that you do not appear fully engaged.

**Version:** This class is taught in Microsoft Dynamics 365 Business Central.

**Learning environment:** As experienced trainers of adult learners, we understand how to make training “stick”. We use proven practices to make sure you retain what you learn and are fully equipped to immediately apply what you discovered in class. Each day, you will spend more than 50% of your time doing hands-on exercises in our simulated learning environment.

**Refund and Cancellation Policy:** Please refer to our Refund and Cancellation policy [here](#).
