

## Manufacturing Setup 1

Built for everyone on your company's manufacturing team, you'll walk away from this class with a core understanding of how Microsoft Dynamics 365 Business Central / NAV should be configured and used to manage your day-to-day production. Whether you are new to Business Central / NAV or have been using it for years, attending this class will help you realize fast improvements to drive more efficient and productive shop floor operations and inventory handling.

### Class topics

- Overall Setup
- Assembly vs. Manufacturing
- Posting Setup
- Items Setup
- BOMs

### Who Should Attend?

Anyone involved in the setup or management of one's manufacturing operations, production orders, and/or MRP.

### Learning Objectives:

At the end of this class, participants will be able to:

- Identify the basic setup options and choices for setup of manufacturing
- Explain the differences between Assembly and Manufacturing
- Understand the Setup of Items, including design decisions for Manufacturing
- Set up BOMs to support their operations

**Field of Study:** Computer Software & Applications

**Program Level:** Basic

**Prerequisites:** None

**Advanced Preparation:** Each student will receive via email connection instructions to their individual virtual classroom link and hands-on practice environment shortly before class. Connections to both resources should be tested before class. We recommend using a second monitor while attending class.

**Delivery Method:** Group Internet-based

**CPE Credits:** By participating in this class, you are eligible to earn up to 4 CPE credits which will be distributed following class completion. In order to be awarded the full credit hours, you must notify your instructor of your intention to request credit before the start of the first class. To receive CPE credit, you must be present and actively engaged, which will be verified using polling questions and other means. You will not receive CPE credit for any portion of the class that you do not appear fully engaged.

**Version:** This class is taught in Microsoft Dynamics 365 Business Central.

**Learning environment:** As experienced trainers of adult learners, we understand how to make training “stick”. We use proven practices to make sure you retain what you learn and are fully equipped to immediately apply what you discovered in class. Each day, you will spend more than 50% of your time doing hands-on exercises in our simulated learning environment.

**Refund and Cancellation Policy:** Please refer to our Refund and Cancellation policy [here](#).
