

Manufacturing Setup 2

Ready to round out your walkthrough and basic setup of Manufacturing in your Microsoft Dynamics 365 Business Central / NAV system? We'll get into the details of your shop floor setup and processing to streamline your orders and operations. This class is also an excellent review for those using Business Central / NAV for some time who wish to check if their system setup and processes are optimized for their operations.

Class topics

- Work Centers
- Calendar Setup
- Routings
- Routing Link Codes

Who Should Attend?

Anyone involved in the setup or management of one's manufacturing operations, production orders, and/or MRP.

Learning Objectives:

At the end of this class, participants will be able to:

- Identify the basic setup options and choices for setup of manufacturing
- Explain how Work Centers and Routings work
- Design the basic system processes to support one's production

Field of Study: Computer Software & Applications

Program Level: Basic

Prerequisites: Manufacturing Setup 1

Advanced Preparation: Each student will receive via email connection instructions to their individual virtual classroom link and hands-on practice environment shortly before class. Connections to both resources should be tested before class. We recommend using a second monitor while attending class.

Delivery Method: Group Internet-based

CPE Credits: By participating in this class, you are eligible to earn up to 4 CPE credits which will be distributed following class completion. In order to be awarded the full credit hours, you must notify your instructor of your intention to request credit before the start of the first class. To receive CPE credit, you must be present and actively engaged, which will be verified using polling questions and other means. You will not receive CPE credit for any portion of the class that you do not appear fully engaged.

Version: This class is taught in Microsoft Dynamics 365 Business Central.

Learning environment: As experienced trainers of adult learners, we understand how to make training “stick”. We use proven practices to make sure you retain what you learn and are fully equipped to immediately apply what you discovered in class. Each day, you will spend more than 50% of your time doing hands-on exercises in our simulated learning environment.

Refund and Cancellation Policy: Please refer to our Refund and Cancellation policy [here](#).
