**Field of Study:** Computer Software & Applications

**Program Level:** Advanced

**Prerequisites:** Successful completion of the Warehousing Foundations Boot Camp or attestation of proficiency with the topics included.

**Advanced Preparation:** Each student will receive via email connection instructions to their individual virtual classroom link and hands-on practice environment shortly before class. Connections to both resources should be tested before class. We recommend using a second monitor while attending class.

**Delivery Method:** Group Internet-based

**CPE Credits:** By participating in this class, you are eligible to earn up to 16 CPE credits which will be distributed following class completion. In order to be awarded the full credit hours, you must notify your instructor of your intention to request credit before the start of the first class. To receive CPE credit, you must be present and actively engaged, which will be verified using polling questions and other means. You will not receive CPE credit for any portion of the class that you do not appear fully engaged.

**Version:** This class is taught in Microsoft Dynamics 365 Business Central.

**Learning environment:** As experienced trainers of adult learners, we understand how to make training “stick”. We use proven practices to make sure you retain what you learn and are fully equipped to immediately apply what you discovered in class. Each day, you will spend more than 50% of your time doing hands-on exercises in our simulated learning environment.

**Refund and Cancellation Policy:** Please refer to our Refund and Cancellation policy [here](#).
